DISASTER IN A MINE

A Number of Men Meet an Untimely Death.

NARROW ESCAPE OF OTHERS.

Fire Breaks Out in the Shaft of a Bohemian Silver Mine in Which Five Hundred Men Were at Work—Nearly Two Hundred Imprisoned and No Hope of Their Being Alive.

VIENNA, June 2.—A terrible disaster has occurred in the famous Birkenberg silver mine at Prizibram, a town of Bohemia, celebrated for rich silver and lead mines. A fire started in the mine, Tuesday night, when five hundred miners were below. The employees made a frantic effort to reach the shaft of exit. Most of them were successful, but forty were cut off by the flames.

Their cries could be heard even above the roar of the conflagration and thousands hastened to their aid. The flames were subdued sufficiently to enable the rescuers to get at the imprisoned miners, of whom fourteen were found dead and several badly injured.

Later reports from Prizibram show that the mine disaster is far worse than was supposed. In the first confusion it was believed that only forty men were missing but a house to house inquiry among the miners' families has revealed the fact that nearly 200 miners were left in the pit. The number is known to be as high as 175.

The flames were supposed to be finally subdued at the time when the first rescue party went down, but after the fourteen bodies had been brought up the fire broke out afresh. Water was pumped into the mine, but the machinery was inadequate and the fire increased. Yesterday help was brought from Beraun, the superintendent of the coal mines there sending down a force of men with machinery for flooding the mine more rapidly.

When the flames seemed to abate somewhat a rescue party went down and returned with eleven more dead bodies. They said that they could hear shouts and groans far off in the mine, but that the smoke was so thick and the heat so intense that they did not dare venture in. None of the party would return, and two hours passed before the foreman could find seven men to go down with him. It was thought then that the fire was nearly out, as only a thin smoke came from the mouth of the pit, and that the miners on the higher levels who had escaped drowning, might be saved.

The foreman and seven men tried to make their way in the direction where the shouts and groans had been heard, but the heat was stifling and heavy smoke and fire finally obstructed all progress.

About one hundred yards from the shaft the party were suddenly enveloped in a gust of fire and smoke from a side gallery. Four men fell unconscious. Their four comrades tried to drag them away, but were compelled finally to run for their lives and leave the men to die. This rescue party heard no sound in the galleries save the crackling of the fire.

All of the woodwork near the shaft had been burned away, the four survivors said, and the fire evidently had followed the miners from the entrance to the end of the galleries. The foreman says there is no doubt that all the men who were left in the mine are dead. The heat beyond the point where the four miners were stricken, he said, would have been fatal and the smoke was stifling. He saw tools and garments abandoned in the haste of flight, showing by their positions that the men had fled away from the shaft.

Immediately after the foreman's return with the remains of his party the fire started up again, and despite the work of the engines is still burning fiercely. Thousands of men, women and children are in the fields around the pit.

The list of the 175 has been posted so that if any of the number had escaped his friends might come forward with the information. Not a name has been erased, however, and the continued inquiry of the police in the city has been fruitless. One hundred families have been deprived of all their male members by the disaster. Charitable societies in Prague will make an appeal for the sufferers.

Widow Commits Suicide.

DAYTON, O., June 2.—Mrs. Margaret Myers, a widow, residing on West Fifth street, opposite the Seventh District school building, shot herself yesterday with suicidal intent. The weapon used was a 22-calibre revolver. It was held so close to her that the powder burned the skin. The ball entered immediately under the left eye, and has not been located. Neighbors heard the shot, and, rushing in, learned the cause. Dr. Williamson was called, but has little hopes for the woman's recovery. Sickness and despondency are assigned as the causes.

Sailed with an Officer Aboard.

EASTPORT, Me., June 2.—Deputy Sheriff P. A. Martin Tuesday boarded the schooner Carrie A. Buckman, of Bucksport, lying in Quoddy roads, to serve a warrant on Captain Stubbs for costs in an illegal shipping case. The schooner was seen to set sail shortly afterward, probably for the West Indies, whither she was bound, taking Deputy Sheriff Martin.

WAR IN CHINATOWN.

A Carload of Whites Rm the Guntilt of a Fusillade.

SACRAMENTO, June 2.—About 11 o'clock last night a Highbinder war broke out in the Chinese quarters not fifty yards from the main business part of the city. There have been several outbreaks recently, but they resulted only in the occasional wounding of some Chinamen. Last night, however, the war broke out in earnest and for half a minute there was a perfect fusillade in the street in front of the headquarters of two Highbinder societies. Shots were exchanged across the street in rapid succession and the air was full of flying bullets.

An electric car filled with passengers happened to be on the track between the contending parties and a storm of bullets whistled through the car about the heads of the passengers, who clambered out as rapidly as possible. The conductor and gripman put on the brakes and abandoned their posts in haste. When the battle was over two Chinamen were found dead and another wounded through the thigh. A number of others were wounded and probably several more were killed, but if so they have been concealed by their friends.

One party did its shooting from a balcony. One man, a peaceable Chinese cigarmaker, who has a wife and two children was shot and killed while in his own place of business. The police have arrested seven Chinamen, all of whom were armed with large pistols, and several of the weapons had recently been discharged. It is a wonder that a number of white men were not killed. There is great indignation among the white citizens over the affair.

UNITED PRESBYTERIANS.

Doings of the General Assembly in Session at Pittsburg.

PITTSBURG, June 2.—The first matter considered at the general assembly of the United Presbyterians yesterday was a resolution recommending the purchase of a mission station belonging to the Presbyterian church in Peshawar, India. The price asked is \$42,000, but the missionaries think they can buy it at \$20,000. The question was referred to the board of foreign missions with power to act.

The chairman of the judiciary committee, Rev. Dr. McClure, then read the report of the complaint of Rev. David Morrow against the Presbytery of San Francisco. The complaint was returned, and the decision of the Presbytery affirmed.

A resolution endorsing the native missionaries was lost after a heated argument.

The report of the committee on Sabbath schools showed a total enrollment of 91,000 scholars, including officers and teachers.

The conference concluded its labor and adjourned sine die at 9 o'clock. The next general assembly will meet in Monmouth, Ill., May 4.

To Increase the Price of Sugar.

PHILADELPHIA, June 2.—A notice yesterday posted in the Franklin sugar refinery of E. C. Knight, recently absorbed by the sugar trust, announced that no more orders would be taken from purchasers of sugar, as they had oversold for all grades. This announcement is taken as a movement on the part of the sugar trust to facilitate a rise in sugar. A member of the firm of E. C. Knight & Company declared that it was to prepare for the contingency of an enforced shut down that the action was taken. The poor condition of the boilers at the refinery, he said, made necessary the suspension of production.

Apparently Well Grounded Protest.

DAYTON, O., June 2.—Cigar manufacturers, brewers, tobacconists and distillers of this county are excited over the proposition to transfer Dayton division from the Cincinnati internal revenue district to the Toledo district, simply for the purpose of increasing the pay of Collector Walldorf, of Toledo. The change would require Miami valley taxpayers to travel 150 miles to Toledo to transact business. The board of trade and the merchants and manufacturers interested sent protests to the secretary of the treasury.

Glass Blowers' Monument.

CORNING, N. Y., June 2.—The monument erected by the American Flint Glass Workers' union to the memory of the glass blowers who were killed in the Ravenna railroad accident last year is about completed, and it will be unveiled at the approaching convention of the union here. The monument is twenty-five feet in height, in the shape of a horseshoe with a keystone in the center upon which the seal of the glass blowers' union is engraved.

Now Lie Side by Side.

COLUMBUS, Ind., June 2.—John Erwood, aged eighty-eight, a pioneer of Jennings county, died near here yesterday. His wife died two years ago. Yesterday her remains were exhumed at Vernon, and this morning both were interred side by side in the new cemetery at Elizabethtown.

Singular Accident to a Horse.

MOUNT HEALTHY, O., June 2.—Mr. Holle lost a fine gray horse, valued at \$200, in a peculiar way. While harrowing in a field the harrow in some way struck the horse's foot, causing him to become frightened. He ran away and broke a leg. He had to be shot.

Convicts Now.

COLUMBUS, O., June 2.—A large number of prisoners were received at the penitentiary yesterday. Among whom were five women and one minister, Rev. Daniel Vanhorn, of Athens county, who will serve four years for forgery.

Congressman Waugh Renominated.

LAFAYETTE, Ind., June 2.—The Republican convention for the Ninth congressional district met here yesterday and renominated Congressman Daniel Waugh by acclamation.

POLITICIANS IN CHICAGO.

Several Men's Views on the Present Political Situation.

CHICAGO, June 2.—Emmons Blaine was at the Grand Pacific hotel yesterday in conference with James S. Clarkson, but to all questions of reporters answered that he was as much in the dark as to his father's intentions as any one. He admitted, however, that the silence of the secretary of state was likely to be construed in one way only.

Senator Hansbrough, of North Dakota, was another of yesterday's arrivals. He is a red hot Blaine boomer and declared that all the delegates from his state, with perhaps a single exception, were for the Maine man. "My ticket," said Mr. Hansbrough, "is Blaine and Rusk."

Ex-United States Senator George Wright, of Iowa, sounded a discordant note in the Blaine chorus yesterday. He came straight from Des Moines and declared that the Hawkeye state was for Harrison beyond a peradventure. "The Republicans of Iowa," said he, "are not going to be dictated to by Clarkson."

The talk of a temporary chairman seems to be equally divided between Tom Reed and J. Sloat Fassett. The members of the executive committee which left for Minneapolis yesterday afternoon were: J. S. Clarkson, A. L. Conger, J. Sloat Fassett, H. R. S. Hyde, of Massachusetts; Samuel A. Esseden, of Connecticut; Harry Swords, sergeant-at-arms, and James F. Burke, president of the college league clubs.

Movement Toward Minneapolis.

NEW YORK, June 2.—The movement toward Minneapolis has begun. Last night at 6 o'clock Chauncey M. Depew and General James W. Husted left for the convention city in Mr. Depew's private car. Fred Ames, of Boston, accompanied the party. Senator Hiscock did not intend to leave until tomorrow, but he has changed his plans and left this morning. Ex-Senator Platt and H. O. Armour go together and tomorrow morning the rest of the New York delegation will leave. Before he left yesterday, General Husted was very emphatic in stating it to be his belief that President Harrison will be renominated.

Rhode Island for Blaine.

PROVIDENCE, June 2.—In interviews with the Rhode Island delegates to the Minneapolis convention, The Journal has elicited that the delegation will be practically a unit in support of Mr. Blaine in preference to the president, nearly all expressing the belief that he is the one man whose nomination would be practically an assurance of the continuance of the party in national power for four years more.

NARROW ESCAPE.

Lightning Renders a Man Unconscious for Over Four Hours.

ENGLISH, Ind., June 2.—The home of Reuben Roberson was struck by lightning. Mr. Roberson was alone at the time, and his bed stood within three feet of a wrought-iron heating stove, which had been filled with wood. Mr. Roberson was awakened at 1 a. m. by a peal of thunder which sounded as if a bomb had exploded over the house, and then he knew no more until about 5 o'clock, when he aroused himself to find his body and limbs benumbed and incapable of movement.

Gradually he recovered the use of his physical powers. It then developed that the electric current had struck the chimney, and, passing downward, had broken the stove and pipe, scattering the wood and forcing some of it through the door. A hole was bored through the bottom of the stove, and the box beneath was splintered into fragments. Had the house been set on fire Mr. Roberson would have been cremated while unconscious. The supposition would have followed that murder had been committed and the house burned to hide the crime.

OVER THE RIGHT OF WAY.

A Little Excitement in Harrisburg About a Street Railway.

HARRISBURG, June 2.—Yesterday a sensation was created in this city by the arrest of George Fleming, vice president of the City Passenger Railway company; Track Foreman W. B. Allwine, Civil Engineer James Denny, Director John T. Ensinger and some seventy of the employees.

At an early hour yesterday morning the City Passenger Railway company put a gang of over 300 men to work to lay a track on Walnut street, one of the thoroughfares for which the Citizen's Passenger Railway company had been making every effort to secure the right of way, as well as the former company. All the men arrested gave bail and were released, and at once proceeded to tear up the street and lay the track. The police again started to arrest the men while the different officials told them to continue their work. An immense crowd filled the streets and cheered the men in their work.

Delegate Drops Dead.

PHILADELPHIA, June 2.—John S. McKinley, lawyer, politician and one of the most prominent citizens of Philadelphia, dropped dead in the rooms of the Republican committee Tuesday night. He was a delegate to Minneapolis and was discussing his approaching trip in an animated manner with a group of influential Republicans when he was seized with a fainting spell. He sat down and in a few minutes fell over dead. His disease was due to heart failure.

Kicked to Death by a Horse.

ROCKVILLE, Ind., June 2.—John Blue, a prominent farmer, living near Montezuma, this county, was kicked by a horse in the breast at dusk yesterday, and died in a short time.

Two People Drowned.

ZANESVILLE, O., June 2.—While Robert Wallace, William Roll and Kit Carroll were boat riding yesterday, the boat capsized and Wallace and Roll were drowned.

HEAVY LOSS OF LIFE.

Further Details of the Storm at Mauritius.

OVER TWO THOUSAND KILLED.

Hardly a Soul in the Whole Upper Part of the City Escaped Uninjured—The Number of Wounded Not Estimated. The Storm Wrecked Several Villages.

LONDON, June 2.—Further details as to the storm which swept over Mauritius on April 29 have been received.

The signals in the mountain observatory on the day of the great storm were to the effect that no high winds were to be expected. The wind was from the northwest and in Mauritius hurricanes seldom come from that direction. At about noon, the light wind suddenly increased and the sky darkened as if by magic. The people in Port Louis heard a furious hissing and the snapping of trees. A moment later, the storm was upon the city, whirling objects from the streets, crushing or lifting fragile buildings, and ripping off roofs of the more substantial structures.

People who were out doors were thrown to the ground or pinned against buildings by the strength of the wind. Windows and doors were pushed in and long rows of trees were snapped off and laid flat in the streets. The storm raged unabated for an hour and a half and then ceased as suddenly as it had come. The sun shone and people began to leave their houses to look over the scene of ruin.

They found the sea far up in the city. Waves were beating against the walls of buildings, formerly well back from the shore and structures that had once stood a few feet from the docks were either gone or wrecked. The postoffice, the custom house and Central hotel were in the midst of destruction.

While preparing for the rescue, the people of Port Louis, without a moment's warning, found themselves enveloped by another storm, which burst on them from the southwest with stunning force. The wind came at the rate of 121 miles an hour and showed a pressure of seventy-three pounds to the square foot. The second storm broke at 3 o'clock and lasted until 5. It cut its way through the upper part of the city, leaving the other quarters untouched. The streets, which felt the full force of the wind, were flattened as if struck by a giant hammer. Saint George's Rampart was leveled. Houses and shops were piled together and then blown to the ground.

There was no time for the inhabitants to escape from the buildings or even to start for the cellars. A single deadly blast leveled Labor Dornais street and the groups of pedestrians were crushed in heaps under the buildings. After two hours the hurricane stopped abruptly and people from the lower quarters hurried to the scene of death and ruin to begin the work of rescue. The number of wounded was not estimated. Hardly a soul in the whole upper part of the city escaped uninjured. The total number of dead was about 2,000.

In the country, the storm wrecked many sugar houses and several villages. The loss of life outside of Port Louis is thought to have been about 500.

MOB DISPERSED.

Colored People Seeking the Slayer of One of Their Number.

JACKSONVILLE, Fla., June 2.—Deputy Sheriff Williams and a posse of ten went out to Greenland Tuesday night to suppress an uprising of colored people there. Early last week Section Boss Henderson, of Greenland, a small station on the St. Augustine road, shot and killed a colored workman under him, it is claimed, in self-defense, as there were three of them fighting him at the time. Henderson, who is a white man, fled.

Since then the blacks have been searching for him, and under the pretext that they believed that he was concealed in his own house they set an armed guard about it and refused to let Mrs. Henderson and her two children go out. There are only a few white neighbors, while the blacks number 200 or 300. For days Henderson's family has been living in constant terror, and it was only yesterday that word was sent here for help.

Williams and his posse found nearly 300 armed colored men riding and walking about the village and threatening violence to the Hendersons or to hold them as a ransom until the death of their colored companion had been avenged.

The posse soon scattered them and made some arrests. Williams has the name of the ringleaders, and they will probably be indicted. Henderson's family were removed by the deputy to the house of relatives in South Jacksonville.

Train Derailed.

DULUTH, June 2.—Train No. 13 on the St. Paul and Duluth road was derailed last night fifty miles south of here by striking two oxen. The engine and seventeen cars were derailed. Fireman Dave Burroughs was killed, Engineer John Korslund sustained a broken leg, and the brakeman, name unknown, was badly injured.

Smoke Stack Falls.

BRAZIL, Ind., June 2.—About 3 o'clock this morning one of the large brick stacks of the rolling mill fell with a fearful crash. The roof of the mill was crushed in and the watchman narrowly escaped death. Nearly one hundred workmen had just left the mill to make room for the relief force.

Election, November, 1892.
For Circuit Clerk,
ISAAC WOODWARD.
For Sheriff,
J. C. JEFFERSON.

WHAT did we tell you? Another "tin plate" factory has been started, this time in Brooklyn. Such items will be frequent from now on till next November.

THERE was an increase in the past nine months of \$120,000,000 in our exports, and the Commercial Gazette is frank enough to say that the credit for this must be given to the reciprocity clause of the McKinley law. It was a good thing for the country that Mr. Blaine forced McKinley and the other protectionists to adopt his restricted free trade ideas.

Believes in Prayer.

Duke, the six-year-old son of Jailer Kirk, had a white goat presented him one day this week, but the day following it escaped and disappeared. Duke was greatly worried, and disappeared too. The little fellow was found shortly afterwards in the bath room praying to the Lord to send back his goat. The goat was returned during the afternoon.

Examinations in Hayswood

To-morrow will be devoted in Hayswood to the public oral examinations of the classes, commencing at 10 a. m. and 2 p. m. The primary department will be examined in the morning. The afternoon will be devoted to the examination of the advanced classes. The exercises will be interspersed with recitations and music. The parents of the pupils are especially invited to be present, as well as any others interested in education at Hayswood.

A. O. H. State Convention.

The State convention of the Ancient Order of Hibernians will be held in this city, beginning next Monday. There will be an attendance of about seventy-five delegates, of whom thirty-five are from Louisville and Jefferson County. Besides these a large number of members who are not delegates will be in attendance.

The most important work will be the changing of the State laws to make them conform with the new constitution adopted at the national convention recently held at New Orleans.

Wanted to Be Cured of the Chicken Habit.

An aged darkey called at a Keeley cure institute recently established in a Kentucky town a few days ago. "You are not a drunkard, are you, uncle?" said the doctor, in some surprise, scanning the the tidy-looking old fellow. "No, sah, I nebber tooked no mo' co'n juice then would make me feel good, but I see tired of bein' po' so long, an' thought mebbe yo'd give an ole man a few of dem gold shots, so I'd feel richer, an' den (lowering his voice) I see want to be a deacon ob de church an' I wants to get rid of dis yer chicken habit."—Woodford Sun.

Musical and Literary Entertainment.

Under the auspices of the ladies of the Missionary Society of the Lewisburg Baptist Church, a musical and literary entertainment will be given at the residence of Squire J. M. Alexander Friday evening, June 3, by Professor A. Frost and eight of his pupils of that neighborhood, assisted by some of the best talent of this city. Admission 35 cents.

After the programme is rendered, refreshments, consisting of ice cream, strawberries, cake &c., will be served free of charge to every ticket holder. Proceeds for the benefit of the church. Let all turn out and aid in a worthy cause.

B. R. WILSON, P. M.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alterative and tonic, acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at J. James Wood's drugstore, 50 cents per bottle.

The season for Home-grown STRAWBERRIES is now at hand, and having arrangements, as usual, with the most successful fruit-growers, both in Lewis County, Ky., and Brown County, Ohio, for their entire crops, I will be able to fill orders, both small and large, with the very finest fruit produced in the country. Also big stock of MASON FRUIT JARS, bought at extremely low figures, which I intend to sell, as I did last year, at lower prices than anybody. People from the country are invited to make my store headquarters. Goods delivered free.

Repairing of all kinds done promptly and on reasonable terms.

OUR SEASON'S CLEARANCE SALE!

We begin our customary Clearance Sale much earlier than usual. Owing to the unusual cool weather during the month of May, Light-Weight Clothing did not sell as readily as could be desired. We have a large stock, and it will not be long before we receive our Fall Goods. We MUST get rid of our Spring Stock. It will make you money to look at and price our goods before you buy. During the month of June, commencing to-day, we make

A Cut of 20 Per Cent. on All Spring and Summer Goods.

We do not tell you that we will sell \$20 Suits for \$18 nor \$15 Suits for \$6. The public has too much intelligence to be gulled by such nonsensical advertisements, but we will sell you our \$20 Suits for \$16, our \$15 Suits for \$12, &c. Considering the modest prices at which we sell our high grade of Clothing (none like them in Maysville) you will readily see what a cut of 20 per cent. on former low prices will save you on your purchases at our house.

HECHINGER & CO., THE LEADERS, ODDFELLOWS' HALL.

LANGLEY'S VINDICATION.

It Didn't "Vindicate" Very Much.
He Was Anxious to Quit.
The Other Side.

Several Kentucky papers, Republican and Democratic, recently published a lengthy article in reference to the compromise of the libel suit of John W. Langley against John C. C. Mayo, in the Johnson Circuit Court. The matter was paraded as a "vindication" of Mr. Langley. He was a member of the last Legislature and the suit grew out of a charge that he had been improperly "influenced" to aid in having a railroad bill passed.

The alleged vindication doesn't amount to much as a vindication, as may be seen. The Catlettsburg Democrat says:

"Immediately preceding the last term of the Johnson Circuit Court, word was conveyed to Mayo that the case could be compromised and negotiations for a compromise were opened up, Mr. Langley, in person, conducting his side of the case. Mr. Langley was informed that any proposition as to terms must come from him, and that Mayo had none to offer. Mr. Langley then stated that the only compromise he would accept would be a written statement from Mayo retracting the charges leading to the suit and which Mayo, in his answers to Langley's petition, had said were true; declaring that nothing but an unequivocal retraction by Mayo would satisfy him.

"Mr. Mayo refused to make the retraction either in whole or in part, declaring he would fight the case to the end and let the court settle it, and at this juncture negotiations were ended. Afterward Mr. Langley proposed that if Mayo would withdraw his answers in the case and permit judgment to go against him, he, Langley, would remit the whole thing except the cost. This proposition Mayo accepted, withdrew his answers and allowed a written judgment to go against him which judgment remits all except about \$6.00 cost which Mayo has paid. Mr. Mayo was willing that Mr. Langley should enjoy all the benefits such a settlement would give him and dropped the matter entirely, and if Mr. Langley is satisfied with his 'vindication,' Mr. Mayo does not object."

EDITOR CHARLES C. MOORE, of the Blue Grass Blade, was released from the jail at Paris Monday. Mrs. Moore has prevailed on her husband to discontinue the publication of the Blade, but he will finish writing his book, entitled "Behind the Bars." The book will be published about the first of November.

DUKE WHITE met with a painful accident yesterday at the Collins & Rudy Lumber Company's establishment. He slipped and in falling struck his left arm, between the wrist and elbow, against a large piece of glass. It made an ugly wound, one of the arteries being severed. He was taken to the Purity Drug Store, where the cut was dressed by Dr. Yazell.

The Legislature was not in session yesterday. Most of the members attended the Centennial celebration at Lexington, where the paintings presented by citizens of Philadelphia to Kentucky were received by Governor Brown and committees from the Senate and House. The exercises at Lexington were interrupted by a heavy rain storm, and the meeting had to adjourn to the opera house.

THE BAZOO says: "A young man named Jones came to Ripley not long since from Maysville and secured a position at Parker's foundry. He passed himself off as a single man and became quite 'flip.' Saturday last a young woman and child arrived from Maysville and went to the Hart Hotel. She claimed to be Mrs. Jones, and such she was. When Jones came to his meal he saw Mrs. Jones and baby, and turning on his heels immediately left the premises and would have nothing to do with her. Mrs. Jones is a nice, genteel looking lady, and no doubt has been 'duped' by her flippancy hubby."

WASHINGTON ITEMS.

Proceedings of Both Branches of Congress.

VERY LITTLE ACCOMPLISHED.

The Postoffice Appropriation Bill Discussed in the House—The Senate Will Not Vote on the Silver Question for Two Weeks Yet—Public Debt Statement—Other Dispatches from the National Capital.

WASHINGTON, June 2.—Another day was devoted by the house to a discussion of the free postal delivery system, and no progress was made with the postoffice appropriation bill, except the adoption of an amendment offered by Mr. Latham, Democrat, of Texas, by request of Mr. Crane, of Texas, providing that no part of the \$10,450,000 appropriated for free delivery should be disbursed so as to establish additional free delivery offices in any congressional district where there may be one or more free delivery offices already in operation, nor should free delivery facilities be increased in said offices until every congressional district in which there may be a place possessing the necessary qualifications shall have been supplied with at least one free delivery office. Pending further discussion on the measure the house adjourned.

Mr. Sherman, declining to yield to further interruptions, closed his speech on the silver bill in the senate, and a unanimous agreement was arrived at not to take a vote on the question before June 14.

PUBLIC DEBT STATEMENT.

Heavy Increase Made by the Payments of Pensions.

WASHINGTON, June 2.—Unusually heavy pension payments brought about an increase of \$4,623,374 in the public debt in May. Total debt today, less \$26,005,837 net cash balance in the treasury, and the \$100,000,000 gold and greenback redemption fund is \$343,353,366.

Government receipts from all sources in May aggregated \$23,498,798, against \$27,417,425 in May, 1891. Customs receipts last month were \$13,121,391, or a million and a quarter more than in May a year ago; and internal revenue receipts were \$13,050,106, an increase of fully three-quarters of a million over May, 1891.

Relief Reaches Russia.

WASHINGTON, June 2.—Miss Clara Barton, of the Red Cross society, has received a cablegram from Dr. Hubbell, now in Russia looking after the distribution of supplies to the suffering Russian peasants. The cablegram states that the steamer Tynehead with the Iowa cargo has been unloaded and that he will visit Volga and Samara, returning to St. Petersburg June 20.

Yellow Fever in Guatemala.

WASHINGTON, June 2.—Surgeon General Wyman, of the marine hospital service, has received information through the state department that yellow fever is prevailing at Livingston, Guatemala. The consul general at Guatemala advises against vessels entering that state by the way of Livingston.

INDIANA FLOODS.

Great Destruction Being Done in the Vicinity of Indianapolis.

INDIANAPOLIS, June 2.—The floods in the White river and Fall creek bottoms continue more serious than ever and hundreds of houses in North Indianapolis and recent additions to the city are now partially submerged, the people having barely time to escape from their dwellings and leaving everything in the homes to be ruined by the water. The Langsdale addition, in which a number of houses were erected last summer, looks like a vast lake, not a house having escaped the flood.

In many of the additions to the north and northeast of the city, the outlines of the lots have entirely disappeared and only the rows of trees whose branches are above the water indicate where the streets are. The flood is the worst that has visited this city since 1883 and the loss will aggregate many thousands of dollars. Reports from all parts of the county show similar conditions and many of the farmers will lose heavily from destroyed fencing and crops in the river bottoms.

The body of Mrs. Amanda Cook was found floating in the river yesterday, being the fourth victim of the flood.

BURNED COTTON.

Fire Damages a Mill at New Albany, Indiana.

NEW ALBANY, June 1.—Shortly after 10 o'clock last night fire broke out in the picking-room of the New Albany cotton batting mill, and compelled a shutdown. The entire strength of the fire department was called upon, and it was an hour before the fire was under control, and several hours before the mischief was entirely suppressed.

Two of the warehouses adjoining, one filled with manufactured goods and the other with raw material, were badly damaged. The entire loss is placed at \$35,000, with \$18,000 insurance. Lawrence Bradley, president of the Second National bank of this city, is the owner. Owing to the great demand for its product, the mill was running night and day. It was a substantial structure, well stocked with machinery, and it gave employment to 150 hands.

Drove Over Niagara Falls.

NIAGARA FALLS, N. Y., June 2.—About 2 o'clock yesterday afternoon, Earnest Misner drove over the high cliffs banks of the Niagara river, near the Deveau college woods, with a horse and wagon. He fell a distance of 150 feet. Searching parties have been unable to locate the body.

MARION, O., June 2.—C. S. Coy, station agent for the Chicago and Erie Railway company, at DeChiff, had both legs taken off by a freight train running over him yesterday.

PROHIBITION CONVENTION.

State Ticket Placed in the Field at Springfield, Illinois.

SPRINGFIELD, June 2.—The Prohibition state convention met here yesterday. The report of the committee recommending George W. Gere, of Champaign, and James Folter, of Sangamon, as candidates from the state at large was unanimously adopted.

R. R. Link, a farmer, was nominated for governor by acclamation and addressed the convention briefly.

The ticket was completed as follows, all nominations being made by acclamation: Lieutenant governor, ex-Representative James Lamont; secretary of state, John T. Killam; auditor of public accounts, Samuel D. Noe; treasurer, T. S. Marshall; attorney general, A. P. Wright; three trustees of the Illinois university, Professor Albert G. Mepson, Professor Carl Johann and Professor Levi T. Regan.

After the ticket had been completed George W. Gere, who had been nominated for congress from the state at large, declined and E. Andrews was nominated in his stead.

The platform adopted by the convention declared emphatically against the liquor traffic and denounces high license as "a system of bribery by which the state justifies the wicked for a reward," sustains the present compulsory education law of Illinois intact; declares in favor of woman's suffrage, against alien ownership of lands or mines and in favor of free coinage of gold and silver.

A resolution was adopted for closing the world's fair on Sunday and against the sale of liquor on the fair grounds.

Pennsylvania Prohibitionists.

SCRANTON, Pa., June 2.—The Prohibition state convention yesterday nominated Amos Briggs, of Philadelphia, for judge of the supreme court and Rev. J. T. McCreary and S. E. Chase for congressmen-at-large, and selected eighty-nine delegates to the national convention. The platform adopted denounces liquor traffic, demands woman suffrage, revision of immigration laws, the closing of the world's fair on Sunday, and refusal of a government loan if liquor is to be sold on the fair grounds.

COMPROMISED AT EIGHTY CENTS.

Cleveland Gas Companies and the City Come to Terms.

CLEVELAND, June 2.—A year ago council passed an ordinance reducing the price of gas from \$1 to sixty cents per thousand. The two gas companies took the matter into the United States circuit court on an equity proceeding, declaring that the reduction meant confiscation of their property. The hearing has been in progress for several months, witnesses having been summoned from all the large cities to prove the gas companies' claims.

The city was just about to begin the presentation of testimony when a compromise was suggested. The terms agreed upon and ratified by the council Tuesday night provide that the rate hereafter shall be eighty cents per thousand, the city to pay that price for all gas consumed since May, 1891. The companies agree to pay into the city treasury 6 1-3 per cent. of their gross receipts for gas, and to pay all the expenses of litigation. The saving to the people will be about \$140,000, and to the city about \$30,000, aside from the percentage which will amount to \$40,000 more.

MAD DOG IN CHICAGO.

Forty People Bitten, Twelve in a Serious Condition.

CHICAGO, June 2.—Maddened and utterly vicious, a big black Newfoundland dog rushed into a crowd of children on their way to school yesterday afternoon, biting and lacerating the little ones as they tried to escape. Following came a crowd of running men warning the passers-by, and looking for some one who would shoot the animal. A police officer chased the brute from Noble and Cornelia streets to the Northwestern railroad tracks.

Within a few minutes the dog reappeared at Chicago and Milwaukee avenues. There a barber was bitten frightfully. In an alley, a little five-year-old boy was playing. The dog attacked him in its onward rush and his life is despaired of. With several hundred men and boys, armed with clubs and stones, in pursuit, the infuriated animal was chased. Before it was finally killed by the policeman, forty persons had been injured. Twelve are in a serious condition.

NEWSPAPER SUCCESS.

The Pittsburg Times Moves Into Their New Magnificent Building.

PITTSBURG, June 2.—Fifteen thousand persons from all over Pennsylvania and eastern Ohio Tuesday attended the formal opening of the Pittsburg Times' magnificent new eight story steel and granite building. The affair was one of the most noteworthy social events in Pittsburg in recent years.

Besides the personal responses to invitations over 2,500 letters of regret at inability to attend were received, among the number being from President Harrison, Secretary of State Blaine and Postmaster General Wanamaker.

During the afternoon C. L. Magee, president of The Times, held a reception in his private office, for over two hours, being the central figure in a levee such as is rarely seen outside of high official circles.

Actress Fatally Burned.

PROVIDENCE, June 2.—Polly MacDonald, an actress in Lester & Williams' company, was fatally burned in her home at the City hotel Tuesday night, a lighted match falling on her clothing and igniting it. She died Wednesday morning. She was twenty-five years old. Her mother is somewhere in the west, but her exact location is unknown.

Hurricane in Texas.

TEMPLE, Tex., June 2.—East Durango was wrecked by a frightful hurricane last night, not a house is left standing. The house of Tom Wethers was crushed like an eggshell, and Wethers, his wife and six children were instantly killed. A baby escaped unharmed, the only survivor. About twenty other people were seriously and some fatally injured.

Body Seen, but Not Recovered.

MARTINSVILLE, Ind., June 2.—The body of a man was seen floating in the river near this place yesterday morning. Searching parties were sent out, but failed to find it. No one is missing from the northern part of the county so far as learned, and it is thought it must be the body of some fisherman, as many have been operating north of this city.

Town Swept by a Cyclone.

BELCHERVILLE, Tex., June 2.—A cyclone swept through this town yesterday, wiping out one street, containing twenty houses, entirely. Several people were killed and many were injured. The property loss is upward of \$30,000.
